- D. All benefits which are then currently available and to which a tenured teacher was entitled at the time his leave of absence commenced, including the balance of unused accumulated sick leave, will be restored to him upon his return and he shall, if practicable, be assigned to the same position he held at the time said leave commenced. A teacher who returns from such leave will be placed on at least the same step of the salary schedule he was on when the leave commenced.

A teacher on a leave of absence for a school year or more shall notify the Superintendent of Schools as to his intention to return to service at least six (6) months prior to the expiration date of such leave.

No teacher shall return from any approved leave except at the commencement of the school year after giving the required notice.
- G. In the event that a requested leave shall be for a period of six (6) months or less, then at the same time that the application for leave shall be submitted to the Board of Education, the teacher shall indicate, to the extent possible, the exact date that he/she shall return to his/her normal duties. The President of the Association and the Superintendent of Schools will appoint members from each area.

The Board of Education shall study accreditation of the school.

C. The teachers shall have the right to plan one District Conference day per school year. The District will pay the actual and reasonable expenses incident thereto as long as these expenses have been approved by the Superintendent of Schools.

ARTICLE 18: TEXTBOOKS AND SUPPLIES

The purchase of additional textbooks and other instructional materials, changes in such materials or selection of new materials shall be made by the school district only after the School District administrative representative has met with the teachers and heads of departments whose fields of teaching are involved. Such consultation shall be conducted in good faith by all interested parties by the end of the school year, except in emergency situation with a view of adopting the policy and/or purchasing textbooks most beneficial to the entire educational system.

ARTICLE 19: INTERSCHOOL TEACHING

A teacher who must have a car available for authorized transportation and for school emergencies shall be compensated for the use of their cars, provided no school vehicle is available for such use, at the rate per mile consistent with the Federal I.R.S. allowance as

confirmed by the Board of Education at its Reorganization meeting in July of each year. Those teachers traveling between buildings will receive an additional 15 minutes beyond their normal lunch hour for travel purposes. Provisions will be made in the handbook of each school regarding the assignment of duties of people who travel between school buildings.

ARTICLE 20: TEACHER AND ASSOCIATION RIGHTS

The Association shall be given a place on the Agenda of any Board Meeting on six (6) working days notice.

ARTICLE 21: NO STRIKE PLEDGE

There shall be no strike or work stoppage for any reason whatsoever during the term of this agreement.

ARTICLE 22: CLASS SIZE AND TEACHING LOAD

A. Every effort will be made to begin the school year with classes that are in agreement with the State recommended figure in the elementary grades. In the high school and middle school, the normal load will be considered five (5) instructional periods plus one (1) period of supervision per teacher. Student load will not exceed one hundred fifty (150) students per teacher, except in physical education classes. Whenever elementary grade level classes are housed at a secondary school and instruction is provided in the same manner as that in an elementary school building, the teacher's daily work schedule shall follow that of the elementary school(s) of the District. All teachers shall have a duty free lunch period as specified by law. Science teachers assigned to six periods a day (class and lab included) will not be assigned a supervisory period on that day.

- B. If any teacher is directed to teach more than a normal load, s/he shall be compensated according to the extent of the extra load. Teachers with no prior teaching experience will not be assigned a sixth period during the probationary period.
- C. As a normal rule, no academic teacher shall be given a teaching assignment which requires an unreasonable number of preparations.
- D. As a matter of professionalism, teachers recognize that emergencies arise which cannot be reasonably anticipated by the Administration, and they agree to substitute for their professional colleagues without charge or compensation from the Board of Education the first five (5) times they are called upon to serve during any school year. Thereafter, they shall be compensated at the rate of \$38.00 effective July 1, 2006.
- E. At the Elementary level if any teacher's preparation period is interrupted for a CSE or a CST meeting, the elementary teacher will be provided with his or her preparation period at another time during the same day, absent emergency circumstances, in which case the teacher will receive his or her preparation period no more than two (2) days thereafter.

ARTICLE 23: LENGTH OF TEACHER SCHOOL DAY AND SCHOOL YEAR

A. The teacher school day shall begin 15 minutes prior to the student day in the several buildings. Mondays shall be reserved for faculty meetings and the teachers may be excused each Friday or on the eve of school holiday and Mondays when there are no faculty meetings after student dismissal. Bus supervision and detention shall continue.

B. Teachers shall not be required to work in excess of 184 days. Any unused snow days in excess of 184 shall be returned. The Board agrees to utilize any unused snow/emergency days in the school calendar to extend vacation periods.

The calendar will contain a provision for unused snow days to extend planned vacations. The teachers recognize that should an unanticipated emergency closing endanger the instructional calendar, planned day(s) will be removed at the Board's discretion.

- C. High School Teachers will not be required to perform lobby, lounge or lunch duty.
- D. A teacher's day at the elementary and middle school level is seven (7) hours and (15) minutes and a teacher's day at the high school level is seven (7) hours and nineteen (19) minutes.
- E. Annually, at the beginning of the school year, bargaining unit members shall be trained with respect to the District's student disciplinary code.

ARTICLE 24: GENERAL PROVISIONS

- A. No teacher shall suffer any professional disadvantage by reason of his membership in the Association or participation in its lawful activities.
- B. No negotiations meetings shall be scheduled by the Board of Education during school hours. The Board and the Association or its representatives shall make themselves available at reasonable times and hours for negotiation meetings after school hours. Minutes of official board meetings shall be sent to the Association as soon as possible after such meetings. A copy of the official agenda for the meeting will be sent to the Association two school days prior to the said meeting. If any provision of this Agreement is found contrary to law, then such provision or application shall not be deemed to be valid and subsisting except to the extent

permitted by law, but all other provisions or the application thereof will continue in full force and effect.

ARTICLE 25: ADMISSION OF NON-RESIDENT CHILDREN OF UNIT MEMBERS

- A. Dependent children of unit members who are parents or legal guardians and residing outside of the District will be permitted to enroll in the Highland Falls-Fort Montgomery School Central School District, subject to the conditions set forth below:
 - Enrollment will be on a tuition-free basis, provided that any cost in excess
 of the general education per pupil rate will be the responsibility of the unit
 member.
 - 2. If any excess costs as described above are required, payment of such costs shall be paid in full at the time of enrollment or on a 10-month payment plan if requested by the unit member. Monthly payments will be due on the 15th of each month in which school is in session. Should a student leave prior to the end of the school year, excess costs shall be pro-rated accordingly. Non-payment or late payment may result in the immediate termination of this benefit for the individual unit member, along with reimbursement of the District's reasonable attorneys' fees and court costs in recovering the monies that remain due and owning the District.
 - 3. Children requiring placement in specialized out-of-district programs will not be eligible for enrollment, as their school district of residence would have that obligation. If the student requires special education, the unit member shall seek to have his or her school district of residence request placement in a program at this school district.
 - 4. Transportation to and from school and extracurricular activities is the sole responsibility of the unit member. The parties understand that non-resident children of bargaining unit members, however, will be transported from

- their schools to extra-curricular events off-campus and back to the schools, along with other students in the district attending such event.
- 5. Class placement decisions will be made by the building principal, subject to the ultimate authority of the Superintendent of Schools, utilizing standard placement procedures, consistent with IEP requirements, where applicable.
- Students who are subject to disciplinary suspension from their District of residence shall not be eligible for admission under this contractual provision.
- 7. Children of unit members who are admitted for attendance will have access to District programs, as previously outlined, until a high school diploma is achieved or the school year in which the student reaches the age of 21, subject to annual application submission. Application for attendance must be made on or before May 1st of the preceding school year for initial admission or continuing attendance from one year to the next.
- 8. If the District faces increased enrollment and/or reduced staffing resulting in excessive class sizes and/or overcrowding, at the sole discretion of the Superintendent, this benefit may be terminated prior to matriculation or in the year following such determination, should such condition occur after the beginning of the school year.
- 9. The provisions of this Article shall continue in full force and effect, unless any provision in this Article is declared to be illegal by any court or administrative agency, in which case said Article shall immediately thereupon be deemed null and void in all regards.

ARTICLE 26: DURATION

TERM - July 1, 2016 - June 30, 2020.

ARTICLE 27: LEGISLATIVE ACTION CLAUSE

IT IS AGREED BY AND BETWEEN THE PARTIES THAT ANY PROVISION OF THIS AGREEMENT REQUIRING LEGISLATIVE ACTION TO PERMIT ITS IMPLEMENTATION BY AMENDMENT OF LAW OR BY PROVIDING THE ADDITIONAL FUNDS THEREFOR, SHALL NOT BECOME EFFECTIVE UNTIL THE APPROPRIATE LEGISLATIVE BODY HAS GIVEN APPROVAL.

IN WITNESS WHEREOF, the parties have hereunto set their hands and seals the day and year first above written.

SICK LEAVE BANK

The Highland Falls-fort Montgomery Central School District and the Town of Highlands Teachers' Association agree to establish a Sick Leave Bank (SLB) authorized July 1, 2003 and effective July 1, 2005.

PURPOSE:

The purpose of the SLB is to provide income protection by supplementing members' exhausted individual sick leave entitlement in cases of catastrophic, long-term disabling illnesses or accidents that require extensive absence from employment.

GOVERANCE:

The SLB governing committee will be established to administer the SLB. The committee will consist of not more than three (3) delegates appointed by the Superintendent and the President of the T.H.T.A. respectively. Each delegation, (not to exceed three (3) members per delegation), will have one vote for a total SLB governing committee vote of two (2). The committee must concur in writing to any award from the SLB.

ELIGIBILITY:

All full time members of the HFFMCSD who have sick leave entitlement are eligible to participate.

- A. Members who wish to participate may do so by advising the SLB committee in writing no later than October 1st of the year the SLB becomes effective. Donated sick days will be deducted from the individual's sick day entitlement for the year in which SLB participation becomes effective.
- B. New employees hired after the initial enrollment period may elect to participate in the SLB providing written notice within fourteen (14) days of board appointment.
- C. Eligible employees who do not join at the time of their first eligibility may elect to participate in any subsequent year providing written notice by June 15th of the current school year. Participation will become effective July 1st immediately following and the donated sick days will be deducted from their current year sick leave entitlement.
- D. Members donating the applicable number of days will be deemed members of the SLB and entitled to make application for withdrawal from the sick bank.

CONTRIBUTIONS:

A. Each member who wished to participate in the SLB shall submit to the SLB committee a written waiver of two (2) days accumulated sick leave. The unused

- sick days in the bank will be cumulative and will be carried forward from year to year. Once contributions are made they may not be withdrawn.
- B. Any eligible employee who has accumulated the maximum number of sick leave days (300) can contribute up to a maximum of one (1) additional day per year to the SLB.
- C. The bank will be replenished when the number in the bank falls below one day per full time eligible employee of the district. Members who fail to contribute additional days upon replenishment, as directed by the SLB governing committee, will be terminated from the SLB.

PROCEDURES FOR WITHDRAWALS:

Any member who has a catastrophic, long-term, disabling illness or accident may apply for the SLB governing committee for a SLB award. The following conditions will apply:

- A. The member, or in event of incapacitation, the member's designee, must make a written application to the SLB governing committee containing medical evidence attesting to the medical condition.
- B. The employee must wait twenty (20) days after exhausting all sick and personal leave entitlement before becoming eligible for SLB days. In the event the employee has maintained an average of fifty percent (50%) of the sick/personal leave entitlement during their period of employment in the District, the twenty (20) day waiting period will be waived by the SLB governing committee. Therefore, the employee would be able to draw directly from the bank and not lose twenty (20) days of pay as outlined above.
- C. The applicant will not be allowed to apply after being adjudged permanently incapacitated or directly after any paid or unpaid leaves (Workers' Compensation).
- D. No SLB withdrawal may exceed 180 days during the duration of employment,
